Update coronavirus

Dear parents and caregivers,

The government has decided to close all schools in the Netherlands from tomorrow, Monday March 16. There will be **no school** from March 16th until April 6th.

We will investigate how we as a school can still provide education to your children.

This can be done for example by the internet.

You will receive a message from us on Tuesday or Wednesday with information about homework or practicing for school.

On the website you will find the official letter from the school board.

We would also like to ask you to follow the Dutch news and the RIVM website:

Kind regards,
